I remember in the beginning  
we really liked each other  
we used to hang out  
And she used to have all these cute little names for me  
you wanna know why it didn't work out?  
Well let me tell you all about it...Â...Â...Â...Â.....

I was away for a while, wasn't I?  
I lost my style, didn't I?  
I forgot for a while, didn't I?  
I should of cared more, shouldn't I?  
I could of listened more, couldn't I?  
Anything she wanted I wouldn't buy  
Anything new I wouldn't try  
I've changed so much I wouldn't lie

Sometimes it takes a kick where you feel it most  
Well you do the best you can till it's  
Wham Bam get out of my house man!

She dumped me she said "That's that  
I'm sick and tired of all your crap"  
I guess it wasn't meant to be  
She dumped me  
she called me a weirdo  
And I have to agree  
my baby dumped me

I feel so much it makes me cry  
to see her happy I think I'd die  
To feel her soft touch I think I'd fly  
I lost my way I now know why  
I drank too much, didn't I?  
romantically I was too shy  
I said too much about nothing my oh my

Sometimes the fall from grace is so hard to take  
She used to be my biggest fan now it's  
Wham bam get out of my bed man!

She dumped me she said: "That's it  
I'm sick and tired of all your shit"

I guess it wasn't meant to be

She dumped me  
She called me a misfit  
And I have to agree  
My baby dumped me

I guess it wasn't meant to be  
I guess it wasn't meant to be no she said  
"You're a weirdo" (that's right)  
"You're a misfit" (what was that?)  
"You're a loser" (O.K.)

She dumped me she said good luck  
You never really gave a ...  
I guess it wasn't meant to be  
She dumped me  
She called me a loser  
And I have to agree  
My baby dumped me

Break it down,  
breaking up  
is so hard to do  
she said: "Wham bam... fuck off man"

She dumped me and how it hurts  
And now I'm sitting here in church  
getting down on my knees  
confessing my sins  
to a man in a dress  
Where do I begin?  
My baby she dumped me

I guess it wasn't meant to be  
I guess it wasn't meant to be  
You know what she said?  
"You're a weirdo" (that's right)  
"You're a misfit" (what was that?)  
"You're a looser" (ok, I guess I deserve it)

She said: "You're a weirdo"  
"You're a misfit"  
"You're a looser"

Well thanks very much,  
you were little Miss Perfect weren't you?  
Yeah you'll come crawling back  
I'll give you 2 weeks  
No make that 2 hours  
Gee Wiz I miss that girl

I miss that girl.....  
She dumped me
