I threw away your greatest hits  
You left them here the day you split  
Your bass guitar and shag CD  
Well they don't mean that much to me right now  
I'm going through your things  
These days, I'm changing all my strings

I'm gonna write you a letter  
I'm gonna write you a book  
I wanna see your reaction  
I wanna see how it looks

From way up on your cloud  
Where you've been hiding out  
Are you getting somewhere?  
Or did you get lost in Amsterdam?

You won't get too far from me  
Believing everything you read  
You're wasted in the great unknown  
And I am finally ready to dispose  
Of all your vintage clothes  
Your drugs and every secret code

I'm gonna write you a letter  
I'm gonna write you a book  
I wanna see your reaction  
I wanna see how it looks

From way up on your cloud  
Where you've been hiding out  
And are you getting somewhere?  
Or did you get lost in Amsterdam?

From your red balloon you were  
A super high tech jet fighter  
Floating over planet earth  
Come back down here  
I'll show you where it hurts  
Take this bitter pill  
Is it easy to swallow?

I'm gonna write you a letter  
I'm gonna write you a book  
I wanna see your reaction  
I wanna see how it looks

From way up on your cloud  
You're never coming down  
And are you getting somewhere?  
Or did you get lost in Amsterdam?  
Amsterdam
