Verse 1:

Just one more time he said  
As he crawls into his own  
I'm doin' fine he said  
As the tears fall down alone

(same as above)

Why must you question me  
Do you want your future blown  
Look at the sight of him,  
What can he do to show  
Livin' life for others  
Shuffle through the day  
Everyone is out to get him  
What do you have to say  
Pull yourself up out of this rut  
Make it all come clean  
'cause the day the sun gets in your eyes is the day that  
you'll be freeeeeeee  
Ornament an open D chord for a measure

Chorus:

Open the Door  
The world is too young  
To see what few have before  
When all the sleeps end restelssly  
Without, Without time

Chorus:

Dream yourself to sleep at night  
(Dream yourslef to sleep at night)  
Only lying beneath the clouds  
(Only lying beneath the cluods)

Spend in the in the shade  
(Spend your lifetime in the shade)

When the early morning sun wakes up to reveal the  
pain you seeeeeeee
