We were young, twenty one, all those years ago  
In came a fascination, everything is under control  
Full of life, untried, through thickets and through  
thorns  
Out came a revelation, everything is out of control

Do you feel it?  
Do you feel it now?  
Want it, but you don't know how?  
Have it, as much as anybody ever has?  
I wanna wake you from your dream,  
I wanna know just who you're talking to when your  
singin' in your sleep  
I wanna find out what it means  
Do you love me?

I got marbles in my mouth  
Thousand words I wanna say but it's impossible to spit  
em out  
I can barely make a sound  
Do you love me?

Now we're fine, all right, but all those days are gone  
We read our constellations, everything is under control  
Are you tired, I'm tired  
The tv sparks and glows  
The news man gives information, everything is under  
control  
Do you feel it?  
Do you feel it now?  
Want it, but you don't know how?  
Have it, as much as anybody ever has?  
I wanna wake you from your dream,  
I wanna know just who you're talking to when your  
singin' in your sleep  
I wanna find out what it means  
Do you love me?

I got marbles in my mouth  
Thousand words I wanna say but it's impossible to spit  
em out  
I can barely make a sound

Do you love me?

Do do do do do, do do do do do do do do [x4]

Do you feel it?

Do you feel it now?

Want it, but you don't know how?

Have it, as much as anybody ever has?

I'm the king and you're the queen

Maybe I'm not the one that you're singin' to in your  
sleep

I wanna find out what it means

Do you love me, love me?

Do do do do do, do do do do do do do do [x4]
