[Intro:]

In the midst of negativity
A positive sight can be blurred
And the visions that we thought were good seems to let
evil occur
While still possessed in our human form we live life
searching for greatness
Since the day we were born
And as we bow our heads at night
Rich, wealthy, or poor with dislikes
We pray asking for forgiveness for our sinful ways
With Mind, Body, Spirit, and Faith we Pray AMEN
Yea (Amen) You like that right (Amen) I wrote it myself
by the way (Amen)
Yo Young (Amen) Jeezy Jizzle Snowman
We gotta give the streets what they want man
Fuck the got damn shit
You gotta get it in
Let's get it

[Verse 1:]

Bow our heads let us pray
Thanks to the day
Bills paid crib laid thanks to the Yay
In that 'Rari at that red light that's in the 'A'
Glock 40 with that red light that's anyway
See you mothafuckas actin' like ya'll done caught
amnesia
I know what to do get them chains up out the freezer
Bitch it's Mr. Trap or Die ok you niggas asked for it
Ya'll know these niggas could'ntwalk a mile in my air
jordans
I'm like adidas on a zebra mothafucka way too many
stripes
Countin' 20's in my white beater way 2 many nights
I'm talkin' all the yay you ever seen beyond ya wildest
dreams
Niggas get that first million dollars, buy the wildest
things
Frog green bubble eyed coupe seats giraffe skin
That one reckless ass phone call will get ya ass ten

[Chorus:]

Please Lord yea it's gettin' realer everyday
Niggas killin' niggas starvin' because they can't find no
yay
See the first done rolled around and they bills they
cannot pay
So some be trappin' some be dyin' bow our heads and
let us pray
Amen Amen Amen Amen Amen
Yea yea

[Verse 2:]

I got them units packed in that black van like the A-
Team
Even seen em come 2-toned like a Saleen
Saleen Saleen yeaaaaa that's a Mustang
Break em down in the 9 that's what I call hust-ling
They say they want that dumb shit but this is ignorant
Spent a condo on the timepiece now that's ignorant
They like Young you a fool yea I could of bought some
real estates
Instead I bought a half a block and tried to sorb half the
state
I'm on 75 75 when they was goin' for the 25
I guess it's pickin' up a Trey just a ordinary day with
extraordinary pay
Extraordinary risks can't even explain got a
extraordinary wrist
I talk it cause I lived in many shit ain't really nothin to
me
Tell ya like Sosa told Tony don't you fuck with me

[Chorus:]

Please Lord yea it's gettin' realer everyday
Niggas killin' niggas starvin' because they can't find no
yay
See the first done rolled around and they bills they
cannot pay
So some be trappin' some be dyin' bow our heads and
let us pray
Amen Amen Amen Amen Amen
