Into the maze
Enter the medicine handed down
Within these veins
Bleeding with apathy till it drowns

Am I your charity
For you to look so kind?
But your aim is not quite clear
It's better if you leave in quiet

Is this mood frightening?
Who are you sometimes?
Don't try and rescue me
Go save someone else, I'm far too gone

Into the maze
Enter the medicine handed down
Within these veins
Bleeding with apathy till it drowns

No more to gain
Needing the ugliness that surrounds
Return again
Caught in the medicine handed down

Gasping, calling
I saw, I'm all alone
Grasping, crawling
Is this not what you had planned?

Oh
I'm all alone
Go on hero
You're faking no one, not today

Stop this, you're scaring me
Don't even know you now
Trying to rescue me
Go save someone else, I'm way past gone

Into the maze
Enter the medicine handed down

Within these veins
Bleeding with apathy till it drowns

No more to gain
Needing the ugliness that surrounds
Return again
Caught in the medicine handed down

Into the maze
Enter the medicine handed down
Within these veins
Bleeding with apathy till it drowns

Oh
I'm all alone
Go on hero
You're faking no one, not today
