In a swamp, in a dark swamp  
In a swamp, in a deep swamp  
In a swamp, far from everything  
Dormant lies the enemy of the believers

Corridor to undiscovered places  
Where no one has been before  
Never seen things under dust  
Now they're caged by space and time

A reptilian worm keeps the keys of the gates  
Gates of the fantasy, dreams and misery

Never happened stories fill the air  
As the worm opens his eyes  
Nothing can stop him anymore  
The mortal's flame fades away

Sending the senses into oblivion  
Sending the feeling into oblivion

Greatest of the scum and dirt  
Will rise onto this Earth  
Spawn of the loathing reptiles  
Lurking in the shadow

Lurking in the shadow

"Come closer my child  
Drink, drink the wine  
The wine made out of my sweat and blood"

"Eat, eat the bread  
The bread made out of my flesh  
You'll be grown upon me"

Chambers of the endless black  
Shreds of all senses  
Shining thru my eyes  
Meaningless, senseless
