Well i'm starving for attention
And i'm looking for perfection
And my only opposition
Is my lack of motivation
But i'm looking for an in
But i'm pissin' in the wind
And if i had a towel
Man i'm sure i'd throw it in

I'm fishing for a valid excuse
And when i think of one
I will put it to good use
Am i a freight train or am i just the caboose
Too much time tied to the rails

Fuck no
Gotta find a reason to go
Fuck no
Never have nothing to show
Fuck no
Gotta find a reason to go
Fuck no
Never have nothing to show (2x)

Can i borrow some ambition
Or a box of ammunition
Man i need a new direction
Like a positive regression
I could use a new excuse
Need an ace, but drew a duece
I will do the world a favor
And i'll never reproduce

I'm fishing for a valid excuse
And when i think of one
I will put it to good use
Am i a freight train or am i just the caboose
Too much time tied to the rails

Fuck no
Gotta find a reason to go

Fuck no
Never have nothing to show
Fuck no
Gotta find a reason to go
Fuck no
Never have nothing to show (2x)

Fuck no
Gotta find a reason to go
Fuck no
Never have nothing to show
Fuck no
Gotta find a reason to go
Fuck no
Never have nothing to show (3x)

Well i'm starving for attention
And i'm looking for perfection
Now my only opposition
Is my lack of motivation
I'm looking for an in
But i'm pissin' in the wind
