Real life was never like this  
The door opened as i fell trough  
Minds of man like piss  
Learning is a thing of the past

The door has opened and closed  
I'm locked inside this out side world  
Why the fuck no one knows  
Why the fuck am i trapped like this

World of forgotten minds  
Living on parallel lines  
Forgotten people of the past  
In the human race  
I came out last

I've been left behind  
Left behind with human kind  
I want to go away  
I'm with these people every day

Human kind was left behind  
And i don't want to be here  
Human kind was left behind  
And i don't want to be here

World of forgotten minds  
Living on parallel lines  
Forgotten people of the past  
In the human race  
I came out last
