Happy Loving Couples
I've just been to see my best friend
He's got another girl
Says she's just about the best thing
In the whole damn world

And he says can't you see what the little lady's done for
me
Says it like he thinks I'm blind
But the things that you see ain't necessarily the things
you can find

Happy loving couples make it look so easy
Happy loving couples always talk so kind
Until the time that I can do my dancing with a partner
Those happy couples ain't no friends of mine

People say I'm too damn fussy
When it comes to girls
Happy couples say I must live
In a lonely world

Wanna be, wanna really be what my friends pretend to
be
Be it in my own good time
Being kind to myself till I become one of two of a kind

Happy loving couples make it look so easy
Happy loving couples always talk so kind
Until the time that I can do my dancing with a partner
Those happy couples ain't no friends of mine

You ain't no friends of mine

You know what I mean
Happy loving couples
In matching lamb turtle-neck sweaters
Reading Ideal Homes magazine
Yeah!

Wanna be, wanna really be what my friends pretend to
be
Be it in my own good time
Being kind to myself till I become one of two of a kind

Happy loving couples make it look so easy
Happy loving couples always talk so kind
Until the time that I can do my dancing with a partner
Those happy couples ain't no friends of mine

You ain't no friends of mine
You ain't no friends of mine
You ain't no friends of mine
You ain't no friends of mine
You ain't no friends of mine

Right, that's enough
