Let's try and be positive here for a minute, shall we?
can you dig brother's and sisters? I'm talking about
we're here to spread joy throughout the world with our
beautiful music. now I know you know what I'm saying
HERE WE GO!!!
Wonderful life
Come on friend no time to lose
Cause we ain't gonna sing the blues
It ain't goint to matter now
The lord said let's get it down
Think of us as jesus and you are our disciples. we is
gonna lead youz on a fantastic journey to happiness,
such as you have never dreamed of. You know what I'm
saying friend? holds on to my hands my man
HERE WE GO!!!
Wonderful life
Raise that roof work that ass
Fill my tank with disco gas
We pump the dopest jam around
G-Mouth here to get on down
On behalf of myself, Pastor Mark, I ask you all to add a
little something to the collection plate
HERE WE GO!!!
Wonderful life
Forgive me, Mark. For I have sinned. One more time
you won't get in. I robbed another taco bell, Sorry Joe,
it's straight to hell.
Spread the word across the land
You will be my new husband
7 days a week you'll play
And if you don't do what I say
Straight to hell
Straight to hell
Straight to hell
Straight to hell
By your command
