My mother fucked a donkey

Down in mexico

She had trienta margaritas

Trienta years ago

Her purse had just been stolen

She had to make some cash

For 50,000 pesos

The donkey fucked her ass

Im so ashamed it made me sick

My mother's box was his salt lick

Human donkey fornication

Her taco is the destination

It soon became apparent

It wasn't for the dough

A genuine fiesta - at the donkey show

The crowd would shout ole

As she nibbled on his sack

They never had a patron

Demand their money back

The donkeys name was lucky

Oh boy he loved to fuck

He'd get so damn excited
He'd kick and make you duck
If you want to be a star
Its easy to be famous
Just pull down your pants
And let lucky fuck your anus
A real freak show in the pit
The donkey's fuckin my moms tits
Acting like a true ranchero
Dancing around a big sombrero
Lucky the luckiest donkey
