i take a look around  
think of places i have been  
there really aren't that many  
i would like to see again  
i've been to 30  
8 of 50 states  
most of them i'd shut down  
3 or 4 of them are great  
back on the east coast  
dc's a little shit hole  
you'll freeze to death in jersey  
but florida's the best  
i think i would rather have  
prostate cancer  
than visit oklahomo  
it's those sooners i detest  
when i see the coast  
i'm at home at last  
take the lincoln monument  
and cram it up your ass  
jmfc a giant ball of yarn  
dont forget to see the thing  
when your on your way to yuma  
koa is a ok  
but they ain't got no shoney's

i love turquoise  
and shells of abalone  
testicular tumors  
sound so much nicer  
than seeing dollywood  
in the hills of tennessee  
sentence me to life  
in a tijuana prison  
i don't really care  
feed doritos to the bears  
fireworks here and there  
california is for me  
mississi (fart) i  
zillions of mosquitoes are  
gnawing on my thigh  
i really love antiquing

i bought some decoy ducks  
in some states your sister  
is the only one you fuck  
the nascar whores of north carolina  
with ovarian cysts  
the size of missouri  
do yourself a favor and  
stay in california  
goodbye.
