Over indulgence...
A pick me up for when I'm feeling down
A cold one with a line to face the day... O.K.
My dealers house is always on the way... I say...

Increase my potential for success
My potential for succes

I'm undestructible...
Bathing in a sea of P.C.P.
Washing Qualudes Down with '83 chablis... WHOOPIE!

Make new friends with pots of mushroom tea... you'll
see
Where the hells my god damn L.S.D.
where's my god damn L.S.D.?

I wake up in the morning, I need a lot of drugs
Anytime, Anyplace, I need a lot of drugs
On the way to sunday school, I need a lot of drugs
For any situation just get yourself some drugs
