i've got a fanzine  
so i should know  
everything about every band  
i turned punk 2 years ago  
i tell my subjects  
i'm d.i.y.  
i'll call your band a sellout  
& i'll tell convenient lies  
i've got a lot of staples  
and to much...  
time to trash a band  
they fucking blow  
since i wasn't on the list  
i didn't make the show oh well  
no major labels  
they really suck  
except for bad religion  
can't get their sticker off my truck

got my own agenda  
i write the rules  
i'll use my moms cash  
nobody knows  
you calling me a liar  
yea my story has some holes  
start a label  
rip off the bands  
liberate the punk scene  
part of my master plan  
if it's in my zine  
it must be true  
who told you i'm always crying  
just because i'm getting sued  
that guys an asshole  
that bands on ludes  
i guess my little fanzine  
is like the weekly world news
