"No More"

I'm crazy I'm out of my mind

I said I'm crazy and you're out of time

Oh yes, so crazy, so sick of your kind

I said I'm crazy baby, and you're out of line

Every time you look at me

I realize what you can't see

Then I know I was right all the time

Up and down, Side to side

I racked my brain, lost my stride

Always said I'd crack down the line

So just leave me, leave me alone

My head is finally straight, so I can see where I'm going

Take your silly problems back to someone new

It's plain as night and day I'm not the one for you.
