When will my ship come in? man I really gotta know  
Cause I'm tired at living at the y with 50 other guys  
That smell like frenchmen  
Necesidad un bistek salvar al dia  
My life's been such a wreck, there's no aces, no aces in  
my deck  
I'm starting to believe that my ship is make believe  
Lights out at ten  
Necesidad un bistek slavar al dia

Everyday I try so hard I ain't never got a card for my b-  
day  
If I ever make it, I'll broil, saute, or bake it. give me  
steak  
Necesidad un bistek salvar al dia  
Gozar su comida
