Oh my God, what time is it?  
I'm late again, this sucks  
Where's my other shoe? FUCK!  
I need a drink-god damn!

Did I get gas last night?  
Oh, well, roll the dice  
Ha-ha, I gotta to to Vegas soon  
I really miss those wonderful casinos  
And friendly people

Fuck, I hate those people

In the carpool lane  
We carpool, oooo, go fuck yourself  
I'm probably fired already, shit  
Oh, well  
Only nine more hours  
Till dollar drafts  
And free meatballs  
You're late
