[Intro]

Yo, whassup?

Miss me?

I miss you

Tellin' me no

Yo, whassup?

You want me?

I want you

Tellin' me no

Remember what you said

Talking on the phone

Saying little things, freaky little things

Just to turn me on (Turn me on)

But when I try to come by

You have the tendency to wanna freck on me

If no means no then I'll leave you alone

Picture you tellin' me that you really want to get it on

When things get hot, that's when you begin to tease

Can't take it no more, so I'm gonna leave

Why you tellin' me no

Then you're leading me on

Pushing me away

When you know you want some

Make up your mind

I really don't have the time

Been waiting too long

So I gotta move on

I don't think you understand

I'm fed up with your ways

Tired of the games

So find another man

'cause I'm not the one

Got better things to do

Like being 'bout somebody better than you

Don't play dumb 'cause you know the real

Just when I'm about turning things out

Now you know what I feel

So you said you'll act right if I gave you half the chance

When that chance come around you try to play on my

head

Why you tellin' me no  
Then you're leading me on  
Pushing me away  
When you know you want some  
Make up your mind  
I really don't have the time  
Been waiting too long  
So I gotta move on

Why you wanna waste my time  
When the same thing's on your mind  
You know that I want you  
You want me and that's not new  
Save me the crazy games  
It doesn't have to be this way  
Either I'mma get it now  
Or get it later

You tell me (no) Oh no  
(On) Lead me on  
(Way) Pushin' me away  
(Some) When you know you want some  
(Mind) Make up your mind  
(Time) We don't have the time  
(Long) Been waiting too long  
(On) On and on and on  
(No) You're telling me no  
(On) Leading me on  
(Way) Pushin' me away  
(Some) You know you want some  
(Mind) Make up your mind  
(Time) I really don't have the time  
(Long) Been waiting too long  
(On) I gotta move on  
(No) Tellin me no  
(On) Leading me on  
(Way) Pushin' me away  
(Some) You know you'll try  
(Mind) Make up your mind  
(Time) I really don't have the time  
(Long) I've been waiting , waiting, waiting  
(Oh) I gotta move on (Yeah, Oh)

Whassup, you change your mind  
You ready for some of my time  
Want me to lay it down the line  
Beg for it  
Drop to your knees and take it  
I know you want it

You done never came back for it
