Oh a time there was I was feelin' so hopeless  
It's a wonder I didn't cave in  
I kept throwing love at all the wrong people  
Never to see it again.

Chorus

Oh Lord won't you look what I've found  
Starin' me right in the face  
I'm through bein lonely I'm through bein sad  
I'm all through throwin' good love after bad.

When I think of all the time I have wasted  
Wearin' my hear on my sleeve  
Entrusting my love to the kindness of strangers  
Oh I was so naive

Chorus
