In an open world when a mind collides, fantastic world,
be mine oh mine. Yes you really got a hold on me, such
a grip such a hold on me, yeah you really got a hold on
me and I like it it's what I need. I'm a passenger on a
ship of dreams, on a course of love I think I'm going
down. Yes you really got a hold one me, such a grip
such a hold on me, yes you really got a hold on me and
I like it it's what I need. In an open world when a mind
collides, fantastic world be mine tonight. Yes you've
really got a hold on me, such a grip such a hold on me,
with a sonnet it would sing to me, and I like it it's what I
need. Yes I like it, it's what I need, yes I like it it's what I
need.
