Now love is never gonna be a solid bet  
It's kinda like workin' without a net  
Don't be afraid to let your feelings out  
Hey, that's what lovin' is all about

Come on, baby, and give me a break  
It's how do you feel, not what do you think

Stop rattlin' your keys  
Shut up and talk to me  
Shut up and talk to me

You know I've known you long enough to know  
There's nothin' you can hide that still don't show  
You ain't foolin' anyone but you  
When you put me through what you put me through

Come on, honey, and tell me the truth  
Give me chicken fried steak, not a baby Ruth

I'm not that hard to please  
Shut up and talk to me  
Shut up and talk to me now

Well, you can talk about the weather till it drives me nuts  
Hey, you can rattle on about who, why, what  
A little conversation wouldn't hurt that much  
A little somethin' with a human touch, hey

Now, if you're hurtin', baby, tell me so  
If you need attention only let me know  
I'm not the one that you're hidin' from  
You know, it doesn't matter what the ever you done

You can have your cake and you can eat it too  
Hey, that's the kinda stuff I want from you

How hard can it be  
Shut up and talk to me  
Hey, shut up and talk to me now

Well, you can talk about the weather till it drives me  
nuts  
Hey, you can rattle on about who, why, what  
A little conversation wouldn't hurt that much  
A little somethin' with a human touch, hey

Shut up and talk to me, darlin'  
Tell me the truth  
Shut up and talk to me
