Hails but it never does
That's cause you're at war with love
You at war with love

These battle scars, don't look like they're fading
Don't look like they're ever going away
They're never gonna change
These battle

I wish I never looked I wish I never touched
I wish that I could stop coz it hurts so much
Coz I'm the only one trying to keep us together
When all of the signs say that I should forget her
I wish you weren't the best the best I ever had
I wish that the good outweighed the bad
Coz it'll never be over, until you tell me it over,

These battle scars, don't look like they're fading
Don't look like they're ever going away
They're never gonna change
These battle scars, don't look like they're fading
Don't look like they're ever going away
They're never gonna change
These battle

I wish I could feel
I wish I can love
I wish that I could stop coz it hurts so much
Coz I'm the only one trying to keep us together
When all of the signs say that I should forget her
I wish you weren't the best the best I ever had
I wish that the good outweighed the bad
Coz it'll never be over, until you tell me it over,

These battle scars, don't look like they're fading
Don't look like they're ever going away
They're never gonna change
These battle scars, don't look like they're fading
Don't look like they're ever going away
They're never gonna change
These battle

Can you set me on fire
I've never felt so alive

And I'm never gonna break it.
It's impossible to shake it.

These battle scars, don't look like they're fading
Don't look like they're ever going away
They're never gonna change
These battle scars, don't look like they're fading
Don't look like they're ever going away
They're never gonna change
These battle
