Your all  
Your  
All that i need x2

I remember in the day  
Being all so independent  
I remember how i'd say  
I could never fall i was cynical  
Funny now im in the daze  
Since you came into my life  
Now ill never be the same  
Baby im amazed by the love you gave

Finally i can see  
What a life really means to me  
To me babe

Chrous

All i need is you in my life forever  
All i need is you everyday by my side  
Got to let you know your the one that i treasure  
I could search the world but never find  
That love that is between you and i-i-i  
All i need is you

When i look into your eyes  
Theres a feeling that i cant explain  
That is when i realise  
That all I desire is to be by your side  
Now whenever im alone  
I wonder how i live without you  
Shouldve known all along  
That my only world has you in it girl

Finally i can see  
What life really means  
To me to me yeah

Chrous x2  
(minus the All i need is you-the last line of chorus)

How did i find such a love so surreal  
When ive only done a little right  
Now i can see that it cant be deserved  
That the freedom that you give is mine

Chrous (fades till end)
