You are, you're (I know) all that I Need  
You are (yeah), you're all that I Need  
I remember when the day we were more so  
independent  
I remember how I'd say I could never fall I was cynical  
Funny now in the days  
Since you came into my life  
Now I'll never be the same  
Baby I'm amazed by the love you gave  
Finally I can see  
What a life really means to me, to me babe  
All I need is you in my life forever  
All I need is you everyday by my side  
Got to let you know you're the one that I treasure  
I can search the world but never find  
A better love that is between you and I (I)  
All I need is you (Yeah, oh, oooh, yeah, I)  
When I look into your eyes  
There's a feeling that I can't explain babe  
That is when I realise  
That all I decide was to live by your side  
Know whenever I'm alone  
I wonder how I lived without you  
Should've known all along  
That my only world is with you in it girl  
Finally I can see  
What a life really means to me yeah, to me Yeah  
All I need is you in my life 4ever  
All I need is you everyday by my side  
Got to let you know you're the one that I treasure

I can search the world but never find  
All I need is you in my life 4ever  
All I need is you everyday by my side  
Got to let you know you're the one that I treasure  
I can search the world but never find  
A better love that is between you and I (I)  
How did I find such a love so sweet  
When I've only done a little right  
Now I can see that it can be deserved  
That the freedom that you give is mine (yeah, yeah)  
All I need is you in my life 4ever

All I need is you everyday by my side  
Got to let you know you're the 1 that I treasure  
I can search the world but never find  
A better love that is between you and I  
All I need is you in my life 4ever  
All I need is you everyday by my side  
Got to let you know you're the 1 that I treasure  
I can search the world but never find (no)  
All I need is you  
(You are, you're all that I need)  
All I Need is you  
(You are, you're all that I need)  
Go to let you know  
(You are, you're all that I need)  
You are, you're all that I need (Hey)  
You are, you're all that I need  
You are, you're all that I need  
You are, you're all that I need
