Darkness is breaking, the windows are shaking  
It has begun, our time has come  
Come closer to me, let me feel your heartbeat, baby  
Chest to chest, no time to rest  
Like there's an asteroid approaching, it's approaching  
The clock is ticking and I'm leaving  
Nothing unsaid, nothing undone, nothing untouched

So tonight I'm gonna love you like it's the last day on  
earth  
It's the last time I'll get to show you all that you're worth  
Like there's no going back, before the sky turns to  
black  
I'm gonna love you so there's no regrettin'  
Like it's Armageddon

This building may crumble but under the rubble  
There they will find us intertwined  
Like there's an asteroid approaching, it's approaching  
The clock is ticking, and I'm leaving  
Nothing unsaid, nothing undone, nothing untouched

Tonight I'm gonna love you like it's the last day on  
earth  
It's the last time I'll get to show you all that you're worth  
Like there's no going back, before the sky turns to  
black  
I'm gonna love you so there's no regrettin'  
Like it's Armageddon

There's a million things to do but I only wanna be with  
you  
Us together, nothing better, you're all I have to lose  
So if this is our final hour,  
Then I'll show you without a doubt how strong, how  
deep my love can go

So tonight I'm gonna love you like it's the last on the  
earth  
It's the last time I'll get to show you all that you're worth  
Like there's no going back, before the sky turns to

black  
I'm gonna love you so there's no regrettin'  
Like it's Armageddon  
Oh, Armageddon  
Gonna love you so there's no regrettin'  
Like it's Armageddon
