Im gonna love ya like..[times 3]  
Baby like i loved you back in the day

Baby I remember when  
you and i just began  
knowing we were more than friends i had 2 make you  
understand  
said i gotta get to know ya  
give me one chance to show ya  
just what you mean to me  
and everything that we could be

So we talked a little  
and we danced a little  
told me that i treated u like the perfect gentleman  
from the day love started  
we could not be parted  
lets get back to how our love was

*[Chorus]*

Back in the day  
all we had was you and me but  
that was all we ever needed  
i was your superman girl  
you were meant for me  
back in the day  
the way i said i love you daily  
but girl i havent told you lately

im gonna love you baby  
like i loved you back in the day

all of those things i wort  
you cried everytime you read  
the friday night theatre show  
where i would be watching you instead  
all the bad jokes id say  
but you would laugh anyway  
you were my closest friend  
together 24/7  
forever till the very end

but i havent been there baby  
or sent you flowers lately  
lets get back to how our love was

*[Chorus]*

when i look into your eyes baby  
its then i realise ive been  
acting like a fool  
im still crazy for you  
so tonight im gonna show ya  
by the way im gonna hold ya  
my love is still the same girl  
im crazy for you  
ooh just like

*[Chorus]*
