I was driving, driving, driving down the 101  
Singing 'California Dreamin' at the top of my lungs  
Unaware, not a care  
And then he appeared

Thought he was winding down his window just to say  
'Hello'  
But he started cussing at me, saying I'm going to slow  
Then he yelled "Go to Hell"  
Then flipped me the bird

Is it really that bad?  
Really that bad  
I don't think it's really that bad  
Come on, get with it

If you only think of things that you haven't got  
You could have it all and still never have enough  
So don't worry (don't worry), be happy (be happy)

And if you're trying to make a move  
But you're stuck in mud, under water  
And you don't know which way's up  
Yeah, don't worry (don't worry), be happy (be happy)

Another day, another plane, another interview  
Just trying hard to get through my list of things to do  
What's the use, might fake the flu  
'cos I've had enough

That's it - screw the low carbs, where's my KFC?  
Ain't gonna think about the bills or the GFC  
Life is short - live it up  
Coz we live it once

Is it really that bad?  
Really that bad  
I don't think it's really that bad  
Come on, get with it

If you only think of things that you haven't got  
You could have it all and still never have enough

So don't worry (don't worry), be happy (be happy)

And if you're trying to make a move  
But you're stuck in mud, under water  
And you don't know which way's up  
Yeah, don't worry (don't worry), be happy (be happy)

Yeah life is short  
We only get to live it once  
So live and love  
And give it all you've got  
Yeah life is short  
We only live it once  
So live it up

Yeah life is short  
We only get to live it once  
So live and love  
And give it all you've got  
Yeah life is short  
We only live it once  
So live it up

Is it really that bad?  
Yeah I don't think it's really that bad  
If you only think of things that you haven't got  
You could have it all and still never have enough  
So don't worry (don't worry), be happy (be happy)

And if you're trying to make a move  
But you're stuck in mud, under water  
And you don't know which way's up  
Don't worry (don't worry), be happy (be happy)

So don't worry (don't worry), be happy (be happy)  
Don't worry (don't worry), be happy  
Be happy, yeah  
Don't worry, be happy, don't worry, be happy  
Be happy, yeah
