(featuring Mya)

Guy:

Do you remember how we made it through the rain
Said together we would make you and me in love
forever
Never imagined we would go our separate ways
That my life would be a maze
Hoping to find you at the end

Can we just love again?

Kiss again?

I just wanna be us again

There's no reason to pretend

It's evident that I'm lost without your love

If we just hold each other close again

We can make it to the very end

Baby I will leave you never

I just wanna spend forever with you

Mya:

How could I forget

Cause when you came onto the shore

What my heart was beating for

How could I take you for granted

And now that you're gone

Every day is so unclear

I think I'm running out of tears

How can I get back to life with you here with me

Can we just love again?

Kiss again?

I just wanna be us again

There's no reason to pretend

It's evident that I'm lost without your love

If we just hold each other close again

We can make it to the very end

Baby I will leave you never

I just wanna spend forever with you

If we give up our minds

And let the feeling in our hearts take over
Maybe then we'll see
How this love should be
Before my heart
Falls apart
For you

Can we just love again?
Kiss again?
I just wanna be us again
There's no reason to pretend
It's evident that I'm lost without your love
If we just hold each other close again
We can make it to the very end
Baby I will leave you never
I just wanna spend forever with you
