I can be a mystery cover up my heart  
Never show my emotion always keep you in the dark  
I could find funny line impress you for a while  
Hide the way that I'm feeling behind the smile  
But I don't wanna lie be something that I'm not  
And promise you the moon and stars but I swear to you  
my love

*[Chorus]*

Just as I am  
I give myself to you  
Just as I am  
I'll never make it through  
Cause you are the love I need  
The life inside of me  
So here I stand  
Just as I am  
I can try play it shy or charm you with my words  
Let you see through the sweetheart show me it would  
never work  
I could then not pretend and tell you how I feel

Cause its a chance worth taking with a love so real  
Now I don't wanna lie be something that I'm not  
And promise you the moon and stars but I swear to you  
my love

*[Repeat Chorus]*

And we'll be together for always  
Cause true colours never lie  
You're my everything  
My life is in your hands  
So take me Just as I am....oh I....  
I give myself to you  
And Just as I am....oh I....  
I'll never make it through  
Cause you are the love I need  
The life inside of me  
So here I stand  
Just as I am.... yeah....  
Give myself to my baby  
Never make it through...  
So here I stand Just as I am
