I've met the darkness
Been held by the night
Lonely was there in my arms
I've been with broken
I've stared in her eyes
Emptiness left me this scar

But I heard your voice
Calling me out of the cold

CHORUS:

And now I can live again
I have been chosen to run with the wind
I can go higher I know I will soar
I'm taller I'm stronger I'm better than before

I've walked through fire so I could become
All that you said I could be
And now my breath has a reason
My sky has a sun
Cause in you I've found all that I need

Your touch revived me
It was your love that opened my eyes

CHORUS:

And now I can live again
I have been chosen to run with the wind
I can go higher I know I will soar
I'm taller I'm stronger I'm better than before

I broke through the rain
Stuck through the storm
Now I know I remain
And I can do the impossible
I can reach the unreachable

It's my time
I will rise and live

And I can go higher I know I will soar
I'm taller I'm stronger I'm better than before

CHORUS:

And now I can live again

I have been chosen to run with the wind

I can go higher I know I will soar

I'm taller I'm stronger I'm better than before
