Billy was and orphan,  
Tommy was a whore  
Poe got drunk in Baltimore  
Getting drunk and shooting guns was all he ever had  
Could it be that's what made our boy so bad  
Bad bad men and they're coming to town (Bad men)  
They shot a man just for snoring to load Billy the kid,  
Jesse James..  
The jail is wide open and the towns in flames  
Sneaking in the back door, hiding in the night  
Capering with corpses in the dank moonlight  
They started robbing banks, then cattle mutilation  
Now his offsprings terrorize the nation Billy got drunk,  
Bull got even Bull went belly-up and joined up with the  
G-men  
Piece of meat in the street, torn apart in the town

By the inflatable hands of a sinister clown  
Bad bad men and they're coming to town (Bad men)  
Shot a man just for snoring too damn loud Robert  
DeNiro, when he's a hero  
Bring on the anti-hero, my zero-hero  
Hearts full of anger, hearts full of fear Billy looked up  
from the bed and said,  
"I'm walking outta here"  
It's a new religion, carnival of crime  
Doomed to repetition, with it we mark time I feel jacked  
up, drinking my 4-O  
Blew your face to the bumper  
And then I just said,  
"Yo" It's a new religion, carnival of sleaze  
Drag you up that dusty road and leave you creaking in  
the breeze
