In her fear
In her fear
In her fear

In her fear, in her fear, in her fear
In her fear, in her fear, in her fear
In her fear, in her fear, in her fear
In her fear, in her fear, in her fear

You tried to walk away
But how far did you go
And when you came back and
I called to let you know

I'm coming to visit you
That's when I rode on a bus
But when I got to you
By then you were on the bus

In her fear, in her fear, in her fear
In her fear, in her fear, in her fear
In her fear, in her fear, in her fear
In her fear, in her fear, in her fear

I called just to let you know
I called just to let you know
I called just, I called just, just
But there was no one home

In her fear, in her fear, in her fear
In her fear, in her fear, in her fear
In her fear, in her fear, in her fear
In her fear, in her fear, in her fear
I'm coming after you

I'm gonna make you love me
And you'll be so proud of me
That when I visit you
You won't be scared of me

I come to visit you
I just want to talk to you now

I just wanna look at you
Now I'm strapped to the electric chair

In her fear
In her fear
In her fear
