All gods die  
All gods speak  
All gods lie  
all gods forever wallow in slime  
all gods before me, swallowed by time

I am trapped in eternal time  
I am the lost god  
Nothing is mine  
All those before me were swallowed by time  
I am the lost god  
I blow a black wad

The mold is flawed  
The womb is clawed  
Hanging by my teeth  
From a scrap of flesh I gnawed  
I am trapped, spinning in time  
I am the lost god, nothing is mine.  
All those before me were swallowed by time  
I am the lost god, I am the lost god

My vision becomes clouded  
And blacker, bleaker still  
I become a piece of stone, heavy for the kill  
I made you once but slay you now  
Bleating, bulbous, bloated cow

Your continuance I can't allow  
DIE!

They gorge on swill  
Cum-sucking priests who can't get their fill  
It's gone beyond hatred this time  
You think that money can pay for your crimes

I am trapped in eternal time  
I am the lost god, nothing is mine  
All those before me were swallowed by time  
I am the lost god, I am nothing at all  
Jubelo, Shub-Niggarath  
Aegir, and Thor

Vishnu and Kali  
The god as a whore  
Malagbel and Mercury  
Who cares anymore?  
Ku, the creator, architect of war  
Zoroaster and Jupiter  
Yaweh and Kong  
All gods are bloody and all gods are wrong

They crave your abeyance but give only pain  
I've killed all the lost gods, only--only I remain
