THEY ATTACK  
THEY ATTACK

They are on a rampage  
Unleashed from ancient time  
Stumbling from the ice age  
Marching side by side  
Beaks of steel are flaming  
Women are enraged  
Sky of death is flaming  
Women get engaged

They were born of atomic steel  
Life and death to them seemed so unreal

Slashing at the ramparts  
Hurling ton's of shot  
Shopping now at Wal Mart  
Smoking tons of pot  
They are on a rampage  
They were first to fight  
They would write a new page  
If they could only write

They were born of atomic steel  
They attack  
Life and death to them was so unreal  
They attack

C'mon baby, kick 'em in the ding - ding  
Trouble on the double's what it b-b-b-b bring bring

They were born of atomic steel  
They attack

It's a penguin attack  
It's a penguin attack  
It's a penguin attack

So get back

They were born of atomic steel

Life and death to them was so unreal

They attack.

Armored phalanxes  
Flanking maneuvers  
Vomiting terror  
Gibsons and Hoovers  
Blasted by fusion  
Kicked in the head  
Just to make sure  
We chopped up their dead

It's a penguin attack

They were born of atomic steel  
Life and death to them was so unreal

Stumbling from the ice age  
They were last in flight  
They would write a new page  
If they could only write

Rumbling from the ice age  
They were last in line  
They would start a new age  
If they could just take time

It's a penguin attack  
It's a penguin attack  
It's a penguin attack  
It's a penguin attack

C'mon baby, kick him in the ding-ding  
Trouble on the double's what it b-b-b-b-bring bring

They attack  
It's a penguin attack

They were born of atomic steel  
They attack  
Life and death to them was so unreal  
They attack
