"Price of Peace"

We fall upon you
Prepare to meet your fate
Mankind is an insect
We must exterminate

Final solution
A global genocide
So shall we conquer
So shall you die

Life must cease
Price of peace

Thirsty blades of justice
Cuts a bloody crop
Severed heads fly through the sky
As butchered bodies drop

Blood will flow like rivers
Before away we ride
Binging songs of glory
Blood-soaked and satisfied

Heads will roll
Blood will flow
Heads will roll
Blood will flow

We come to execute
Demise is absolute
This planet you pollute
Shall be set free

Since man first crawled up from the slime
And fear of gods did strike him blind
His powers withered on the vine
Existence is your crime

Human kind is a disease
That kills each other with sutch ease
You all must die for death to cease

That is the price of peace
