"Slap U Around"

I wake you up in the morning baby with a kick in the tit I
treat you like shit!
You love it
Smack you right in the face now baby, just to show you I
care
And then I kick you pregnant ass right down the stairs
Slap slap slap
U around
Slap slap slap
U around
Slap slap slap
U around
All day.. All day,
every fucking day I pay the doctor bills baby,

so I'll break what I want I spend all my money in a
fucking restaurant
I let you live in my house now woman,
I take you out on the town I want some payback now
woman,
I get to slap you around
Slap slap slap
U around
Slap slap slap
U around
Slap slap slap
U around
