I have traveled many miles
And I have wiped away many smiles
I've come from my icy pit
Just to rub your face in shit

Slutman city, life without shame
Slutman city, so much flesh to maim

We grant you sweet release from your useless life
Of your heart I'll have a piece impaled on my knife
Your world to rape, your life sucked dry
The purity of wisdom, a withered husk, flies thrive

Human race now rules the earth
But I tell you you're not the first
Your cities built on corpses, you best beware
Your towers will crumble as did theirs

Slutman city, pimples on my butt
Slutman city, bestial necrophiliacs busting nuts

Your world is doomed, you wonder why
You bleed her daily and now flies thrive
You wanna do drugs, own expensive rugs?
With much aplomb, you'll watch me rape your mom
I'll rape your mom

Tattered millions bathe in hate
Tons of junk and crack to take
Teenage girls to eviscerate
Gorged out eyeballs, gonna vomit on your plate

Slutman city
Slutman city

We masturbate and we create
The human race, the spawn of apes
We rape and kill, until we're done
You ask me why because we call it fun
You know it's fun

So much fun

Hey, man
