Ahhh...

Now that the cosmic control tape is in my grasp, this  
band will play  
Anything I want perfectly the first time through...  
And you know While I was sitting on the toilet the other  
day I wrote  
This ditty and I though you guys, like, might like to play  
it for me,  
Cause I am Techno Destructo and I can out-fight, out-  
fuck, and out-fart  
Any of you lame-ass motherfuckin' rock stars... Cause I  
am Techno  
Destructo, and I come from beyond Venus, beyond  
Jupiter, and that's  
Way past Uranus, buddy. And I come from here with a  
mission...  
Give up the decadent rock and roll lifestyle and join me  
and the Master  
In a holy jihad to rid the universe of his deadly  
enemies.

GWAR will serve the Master... or GWAR will die!

I'm the walking nightmare with the microchip brain  
A megaton bufferin to forever end your pain  
When it comes to taking life I'm the cosmic leach  
I'll make World War III seem like Sunday at the beach!!!

Good evening ladies and gentlemen and welcome to  
the massive Pukeoplex  
Organized Death Arena, where tonight we've got that  
intergalactic potato  
Masher Techno Destructo facing off against Oderus  
Urungus and Irish  
Kid in a no holds barred... Woah! They haven't even  
shaken hands and  
Oderus has been pounded in the nuts with a Marshall  
stack... What's Techno  
Doing? He's breaking open his skull! He's.. he's... he's  
making a meal  
Out of Oderus's brain!!!

I can't comprehend on how you get your thrills  
Dicing up worms and making love to roadkill  
The decadence of you lives was just as clear as glass  
Now it's broken into shards I can shove into your ass!!
