

Gwar "The Morality Squad"

Visit "[The Morality Squad](#)" on MotoLyrics.com

We're the morality squad
Armed with the wrath of God
My name is Granbo
And here's my holy hot rod

Freedom to all the people
Brave, true and strong
Freedom to all the people
Unless I think you're wrong

Blasphemy
Rapist mentality
Teen suicide
Necro-bestial anal butt sex, oh

I got a couple of friends here
Trained by the C.I.A.
Special agents here
To blow you the hell away

Gwar, you're the worst, I'll put an end to you
Your even grosser than 2 Live Crew
My grandson's a super hero
Just back from the war in Iraq

My name is Corporal Punishment
I want to scratch your back
My nephew Tiny, a hundred tons a man
