### "The UberKlaw"

Debaser of ancient debacles  
Shattered worlds, twisted fables  
Dark soothsayer of worlds unclean  
Black blood boils as I vent my spleen  
Obliteration  
My destiny  
A worm-gnawed skull  
Stares back at me  
The death it shall give you  
Your means to be free  
Sweet non-existence  
Ends a life of slavery

When all things have happened what can there be left?  
Why do we struggle, why do we fear death?  
Why can't the darkness be part of the light?  
Who's got the strength left to fight? [x2]

Life's many pleasures are soon sure to bore  
Whether you build bombs or live as a whore  
Hated of one's self is always the forge  
Bloated protrusions of gurgling gorge  
Life is your penance and your the reward  
Life is your penance and your the reward

When all things have happened what can there be left?  
Why do we struggle, why do we fear death?  
Why can't the darkness be part of the light?  
Who's got the strength left to fight? [x2]

Smashing bloody laws  
The Uber Klaw  
The gaping maw  
We share this fate  
It's life's one law

The younger the soul then the sweeter the taste  
The meter of peter forms thick bouillabaisse  
Vomit it spews into destinies hole  
Wretchedly ravage your skull is my bowl

Mysteries murdered, I mean to offend  
Edicts and ethos the rifts that I rend  
Stripping the dripping that never can end  
Manfully mauling the ham-crank that I bend  
These are my words! This is the law!  
Summon the power of The Uber Klaw!  
Chaos and carnage are all that I see  
Give me a minute, I'll start World War III  
The Uber Klaw rises it was made to rule  
The subjects they marvel and mutter and drool  
For genocide it is my favorite tool  
So always remember, bring your guns to school

Smashing bloody laws  
The Uber Klaw  
The gaping maw  
We share this fate  
It's life's one law

Why do we struggle, why do we fear death? [x4]  
The Uber Klaw!
