Bring forth those we have granted life
So that they...
Must die

Death!
Death to life!

Break him - break him on the wheel

Death!
Death to life!

Worlds I have destroyed
Gods I have annoyed
Hatred makes me happy
I'm often overjoyed

Death!
Death to life!

Planets enslaved
Popes to find their graves
Your proudest works I grind to dust
Your ass a ham to shave

Broken on the wheel
Fucked up way to die
Even worse than crucifixion
Bloated buzzards flock and fly
Broken on the wheel
This one here will do
Smash your joints with steel shod rims
Winding you into...

The Wheel
Such a marvelous invention

Broken on the wheel
Fucked up way to die
Even worse than crucifixion
Bloated buzzards flock and fly
Broken on the wheel

This one here will do
Smash you with rims
Wind you into...

Death!
Death to life!

Planting a forest
Not growing trees
Wheel-broken corpses
Souls scatter like leaves

Broken on the wheel
Fucked up way to die
Even worse than crucifixion
Bloated buzzards flock and fly
Broken on the wheel
This one here will do
Smash your joints with steel shod rims
Winding you into

The Wheel!

Death to life!
