All my life it seems
I was stumbling along the rocky road of love
Trying to find my one and only love
All the heartaches remain
Like a plane upon me drowning in my loneliness
I tried to hide my pain until you came
Now everything's okay
You healed me with your love
Now I feel like giving again

Oh...oh...oh...oh...

You touched my life
You're so very special
No song I sing, no words I'll say
Could tell you how I feel today

You touched my life
You're so very special
Oh, my love
You're very special to me

All the nights I prayed
That my love would come down shining in one ray of
hope
And carry me away to happy days
Oh, those old broken dreams
Always there to haunt me, lost inside my emptiness
My life was filled with rain until you came
Now everything's okay
You healed me with your love
Now I feel like giving again

Oh...oh...oh...oh...
