By the way, every little thing about her face  
Fills him up, the image so pleasing it could never be  
erased  
Here to stay, embedded in his mind, he wishes they  
could be together  
All the  
Time

By the way she says things, the tone, just to hear her  
voice  
He can't explain, the sound so exciting to him a perfect  
choice  
Here to stay, embedded in his mind, he wishes they  
could be together  
All the  
Time

Crazy independent spanish speaking arty flirty red  
wine drinking sexy  
Tomboy  
With a natural way of thinking carefree innocent she's  
slightly sneaky  
Confident and proud from another country has her way  
lives for today  
Ty the  
Way she's far away

By the way, holding her, hugging her can feel so warm  
Just think about it, two bodies embracing, creating love  
in this form  
Here to stay, embedded in his mind, he wishes they  
could be together  
All the  
Time

Crazy independent spanish speaking arty flirty red  
wine drinking sexy  
Tomboy  
With a natural way of thinking crazy  
  
Then she kissed him and she went away

Far across to san francisco bay  
You'd think that she would think again  
And only want to be with him  
Regardless of the things that pull her far away, she's  
far away...

Crazy independent spanish speaking arty flirty red  
wine drinking sexy  
Tomboy  
With a natural way of thinking crazy  
By the way she's far away and by the way she's far  
away  
Crazy independent spanish speaking arty flirty red  
wine drinking  
By the way she's far away and by the way she's far  
away
