You had the best  
But you gave her up  
'Cause dependency might interrupt  
Idealistic will so hard to please  
Put your indecisive mind at ease  
You broke the set  
Now there's only singles  
There's no looking back  
This time I mean it

Are you happy now?  
How is it now?  
Are you happy now?  
Are you happy?

The uncertainty you had of me  
Brought clouded shady company  
The tenderness habitual  
A seldom-fading ritual  
You killed the pair  
Now only one is breathing  
There's no looking back  
This time I mean it

Chorus:

No more leaning on your sholder  
I won't be there, no more bother  
If you feel you just might want me  
That's too bad, I'm not that easy  
The contemplator all those years  
Now you must adhere  
To your new career of liberation  
You've been cast all by yourself  
You're free at last  
You broke the set  
Now there's only singles  
There's no looking back  
This time I mean it

Chorus:

You're by yourself,  
All by yourself  
You have no one else,  
You're by yourself
