What do you have to accomplish  
When you talk less of your maker  
What riches you receive

Will do you no good in your place of rest  
When it's the time to go

Tell me once again why I'm here  
I've done nothing, to receive nothing

Don't wait for me no  
Don't wake me up (Don't wake me up)  
Cause I'm a ghost (Cause I'm a ghost)  
A ghost with no footprints  
I have retreated so far into my own skin  
(Fully awake yet fully asleep  
Dreaming my life away)  
How long can I live like this (I live like this)

I've got nothing but trust in you  
So please carry me to this spot  
A place to call home

Make an effort to change your ways  
Or your ways will change you

Because I'm carved on the inside  
Just a cage of bones to hold  
I'm empty on the inside  
Fill me with a love to show

Don't wait for me no  
Don't wake me up (Don't wake me up)  
Cause I'm a ghost (Cause I'm a ghost)  
A ghost with no footprints  
I have retreated so far into my own skin  
(Fully awake yet fully asleep  
Dreaming my life away)  
How long can I live like this (I live like this)

Death has taken over me  
But only as an absence

I'm hollowed on the inside  
Turn me upside down and shake till the bones fall out  
Try me on fit me for size  
Use my body as you will

Maybe this time I'll be the one  
To control my shakes instead of  
Letting my body be my soul  
Letting my body be my soul

Make an effort to change your ways  
Or your ways will change you  
Make an effort to change your ways  
Or your ways will change you
