You think that I will change  
But you know that will never be  
I'm just that way and that's just me

Well it's just the way I am  
And I am doing all I can  
Why can't you see I just can't change

I could care less what you see  
I'm just never the less here for me  
You're always getting what you want  
But you still keep looking  
I guess you're just never getting what you need  
With your eyes wide open  
You still keep looking for your dreams  
That's just me

It doesn't matter what you say  
My confidence will lead the way  
Words will never do, sad but true

And if I didn't act this way  
Well it just wouldn't be the same  
That wouldn't do, 'cause I'm not you

And I could care less what you see  
I'm just never the less here for me

You're always getting what you want  
But you still keep looking  
I guess you just never getting what you need  
With your eyes wide open  
You still keep looking for your dreams  
That's just me

That's just the way I am, I am no larry or a sam  
Why can't you see, I'm just that way!  
Well there it is, it's right here, so crystal clear  
Well there it is, it's right here, so crystal clear in front of  
my face!  
I could care less what you see in me....
