Step by step I come closer to reaching the top  
Every step must be placed so that I don't fall off  
Looking down to see about how much higher I am  
Another cool wind comes through, brushes my skin

The harder I push the tension does grow  
I gather my thoughts the further and further I go  
With some luck I just might keep on climbing  
So better to climb than to face a fall

So high the climb  
Can't turn back now  
Must keep climbing up to the clouds  
So high the climb  
Can't turn back now  
Must keep climbing up to the clouds

Pulling myself up by a rope I better my view  
The only thing in sight is what I must do  
As I turned I could see myself falling  
Which in return gave me strength for the climb

Chorus:

Although many failed  
I must now prevail with no question  
Have no time to stop  
Onward to the top of the mountain  
And I can't turn back now  
It's so very high but I can't turn back now  
If I keep it up, I'm gonna make it  
I'm so very close can't you see

Chorus:

I'm getting closer...
