Since you've been gone  
Since you've been unglued  
It's hard to figure out  
You're next move  
One minute here  
The next you're gone  
Let's make an end  
To this sad, sad song

For you it's hard to take  
'Cause the pull has an awful taste  
Just open up and swallow down  
Once it his bottom  
Things may turn around

Unfortunately this is the case  
You've got to catch up  
And win the race  
Straighten yourself out...  
You can do it

One minute here  
The next you're gone  
Let's make an end  
To this sad, sad song  
They can't understand  
That you mean to do good  
I guess you could say  
You're musunderstood

I know you're meaning well  
But you're been shot to hell  
Just come back and join us now  
'Cause I know that you know how

Chorus:

I know it seems  
They're messing with your mind  
But you don't have to go  
Forward blind

So let the bygones be hygone  
And let's make an end  
To this sad, sad song
