By the way, every little thing about her face
Fills him up, the image so pleasing it could never be
erased
Here to stay, embedded in his mind
He wishes they could be together all the time

By the way, she says things the tone just to hear her
voice
He can't explain, the sound so exciting to him a perfect
choice
Here to stay, embedded in his mind
He wishes they could be together all the time

Crazy independent, Spanish speaking
Arty flirty red wine drinking
Sexy tomboy with a natural way of thinking carefree
Innocent, she's slightly sneaky
Confident and proud from another country has her way
Lives for today by the way she's far away

By the way, holding her, hugging her can feel so warm
Just think about it, two bodies embracing, creating love
in this form
Here to stay, embedded in his mind
He wishes they could be together all the time

Crazy independent, Spanish speaking
Arty flirty red wine drinking
Sexy tomboy with a natural way of thinking crazy

Then she kissed him and she went away
Far across to San Francisco Bay
You'd think that she would think again
And only want to be with him
Regardless of the things that pull her far away
She's far away

Crazy independent, Spanish speaking
Arty flirty red wine drinking
Sexy tomboy with a natural way of thinking crazy
By the way, she's far away
And by the way, she's far away

Crazy independent, Spanish speaking
Arty flirty red wine drinking
By the way, she's far away
Far away

Crazy independent, Spanish speaking
Arty flirty red wine drinking
By the way, she's far away
